

## Mintridge Farm Walk

1. Leave the cottage and walk to the front driveway. Walk down the front drive and go through the first set of wooden gates on your right hand side (by the farmhouse garden). Once through the gate, follow the track downwards towards the brook.
2. When you reach the brook, there is a set of metal gates. Go through the gate and turn right. Follow the track to another set of metal gates. Go through the gate, and you'll enter a small plantation area. Keep going through the plantation area and over a small bridge.
3. You'll now be in our largest field. Sometimes we have crops in this field, but we leave a strip of grass for walking. Follow the brook line until to reach the far corner of the field. On your right hand side, there is a gateway, again over a small bridge.
4. Go through the gate. You'll now start heading back uphill towards the farm. Follow the fence line of the field until you get to the farm yard. You will go through two sets of silver gates into the farm yard.
5. Walk through the farm yard, through the red gates, and back onto the back driveway. Follow the back driveway downwards, back to the walk starting point (front drive).

**PLEASE CONFIRM WITH SALLY THAT THE FARM WALK IS OPEN (RING 07793 206 977).**

Sometimes we may have cows in the field and if so the farm walk isn't accessible.

**DOGS MUST BE KEPT ON THE LEAD AT ALL TIMES.**

**MAKE SURE YOU SHUT ALL GATES BEHIND YOU.**

**DO NOT UNDER ANY CIRCUMSTANCES, ENTER ANY FIELD WITH COWS.**
